# CALENDAR FOR 1913-1914

#### 1913

## FALL TERM (Fifteen Weeks).

September 8. Monday. Students enter.

December 20. Saturday. Fall Term ends. Holiday Recess begins.

#### 1914

# WINTER TERM (Twelve Weeks).

January 5. Monday. Students enter.

March 27. Friday. Winter Terms ends.

# SPRING TERM (Thirteen Weeks).

March 30. Monday. Spring Term begins.

June 21. Sunday evening. Baccalaureate Sermon.

June 22. Monday morning. Exhibition of Gymnastics.

Monday afternoon. Athletics.

Monday evening. Model School Exercises.

June 23. Tuesday morning. Senior Class Day Exercises.
Tuesday afternoon. Art Exhibit.
Tuesday evening. Annual School Play.

June 24. Wednesday. Meeting and Banquet of Alumni. Wednesday evening. Concert.

June 25. Thursday morning. Graduation Exercises.

June 26. Friday. School Year ends.

#### HOW TO REACH MANSFIELD

Mansfield is thirty-six miles from Elmira, via the Erie Railroad. Students coming via the Northern Central Railroad, change at Elmira; those coming via the Pennsylvania Division of the New York Central, change at Tioga or Lawrenceville. Passengers from the East, by the Erie, change cars at Elmira; by the Lehigh Valley, change at Waverly, thence to Elmira and Mansfield by Erie; by the D., L. & W., change at Elmira, thence to Mansfield by the Erie. Those coming from the West, on the Erie or D., L. & W., change cars at Elmira.

All baggage should be distinctly marked with the name of the owner and "STATE NORMAL SCHOOL," to insure its being brought to the Normal buildings. Whenever baggage is to be taken to the station, it should be marked with the name and destination of the owner.

# Course of Study

# REGULAR NORMAL COURSE

This course is based on the "unit" plan as proposed by The Carnegie Foundation. A unit represents a year's study in any subject in a secondary school, requiring at least four periods of forty-five minutes each for not less than thirty-six weeks.

To be admitted to the First Year, students must show a fair knowledge of Arithmetic, Reading, Orthography, Penmanship, United States History, Civics, Geography, Grammar, Physiology, and the Elements of Algebra to Quadratics. (Test by Faculty).

#### FIRST YEAR

•	1101	11111

Logic, Ethics, and Sociology may be offered for Virgil.

#### SUPPLEMENTARY COURSE

(To be taken only after the Regular Course) Leading to the degree of Bachelor of Pedagogics.

to the degree of Bachelor of Pedagogics.

Philosophy of Education, Rosenkranz.

Advanced Psychology, William James (2 vols.)

James Mark Baldwin (2 vols.)

School Supervision, Pickard.

Devices for Teaching, Shaw & McDonnell.

Educational Theories, Browning.

School Apparatus & Appliances: Description, Preparation, Use.

Leading to the degree of Master of Pedagogics.

Two years of teaching after graduation from the Regular Course.

History of Education in the United States, Boone.

European Schools, Klemm.

Systems of Education, Parsons.

Sanitary Science, School Architecture, &c, Thesis.

# CONDITIONS OF ADMISSION, RULES OF EXAMINA-TIONS, ETC.

- 1. Properly certified graduates of approved Pennsylvania high schools of the first grade, and city high schools as listed by the Department of Public Instruction, may be admitted to the third year of the course without examination, and be conditioned in the branches that have not been satisfactorily completed by them.
- 2. Properly certified graduates of approved Pennsylvania high schools of the second grade shall be admitted to the second year of the course without examination, and be conditioned in the branches that have not been satisfactorily completed by such students.
- 3. Properly certified graduates of approved Pennsylvania high schools of the third grade shall be admitted to the first year of the course without examination, and be conditioned in the branches that have not been satisfactorily completed by such students.
- 4. A person who desires to be admitted to the second or the third year without having previously attended an accredited high school, must have a certificate of a commissioned Superintendent of Schools, showing that he has pursued the branches of the first year or the first and second years, with his standing in those branches, or must pass a satisfactory examination by the Faculty in said branches, or be conditioned in them.
- 5. At the completion of the third and fourth year, candidates are examined by a State Board of Examiners. If the Faculty of any State Normal School or the State Board of Examiners decide that a person is not prepared to pass an examination by the State Board, he shall not be admitted to the same examination at any other State Normal School during the same school year.
- 6. If a person who has completed the State Board examinations required for admission to the classes of any year at any State Normal School desires to enter another Normal School, the Principal of the school at which the examination was held shall send the proper certificate to the Principal of the school which the person desires to attend.
- 7. Candidates for graduation shall have the opportunity of being examined in any higher branches, and all studies completed by them shall be named in their certificate. Persons who have been graduated may be examined at any State examination in any higher branches, and the Secretary of the Board of Examiners shall certify on the back

of their diplomas as to the passing of the branches completed at said exmination.

- 8. A certificate setting forth the proficiency of all applicants in all the studies in which they desire to be examined by the State Board of Examiners shall be prepared and signed by the Faculty and presented to the Board.
- 9. No State examination shall be given to any student on part of a year's work unless the study is completed, but (except in the last year's examination) a student may be conditioned by the State Board of examiners in not more than two subjects, covering not more than one period of work for a year. Accurate records of these conditions shall be promptly sent to the Superintendent of Public Instruction and the fact that the students thus conditioned have taken up such subjects and passed them by the faculty shall be certified to in writing to the State Board of Examiners before such students are admitted to another State Examination.
- 10. Within fifteen days after the examination by the State Board at any Normal School, the Principal of the school shall send to the Department of Public Instruction a complete list of all who have taken advanced branches, together with a list of these branches, also a list of those to whom diplomas and certificates were granted, and a list of those who passed the State examination in any year, naming the year.
- 11. Graduates of State Normal Schools in the regular course, and graduates of colleges approved by the College and University Council, who shall satisfactorily pass the Faculty and State examinations in the course required therefor, shall receive the degree of Bachelor of Pedagogics. And Bachelors of Pedagogics who have, after receiving such degrees, taught successfully for two years, and passed the Faculty and State examinations in the course required therefor, shall receive the degree of Master of Pedagogics.
- 12. Residence for the last two years shall be required of all students, except in the case of graduates of Four Year Courses in colleges approved by the College and University Council, who may be graduated after one year's residence.

# Special Courses Offered by This School

# MUSIC, ART, EXPRESSION

# Introductory.

The close relationship existing between the liberal and the fine arts makes the location of our department especially fortunate. For here the study of esthetic subjects may be combined with all the branches of a broad education, and to these may be added the social and religious elements of genuine culture. To this center young people come from all over the state and from other states to avail themselves of its courses of study. Here the thorough instruction, the systematic work, and the stimulus of intimate contact with the teachers create an atmosphere conducive to good work and corresponding achievement.

The general plan of the department is similar to that of the best conservatories, and it aims to fit its graduates for teaching or for lines of artistic endeavor.

#### Certificates

At the completion of the various courses certificates are granted by the school, showing the course pursued, and the work accomplished.

# **Entrance Requirements**

Before devoting the greater part of their time to the study of the fine arts, students must have completed a High School course of four years, or two years' work in a normal school, and must give evidence of possessing sufficient ability to make success probable.

All students in the courses in fine arts are required to take Physical Culture throughout their courses.

#### MUSIC

# Courses of Study

One year of Literature, two years of German and one year of French are required in each music course, except the one year course in Public School Music. If two years of German have been completed before beginning these courses, an equivalent amount of Italian may be taken instead.

# Theory of Music

(Roman numerals refer to years, arabic numerals to terms, numerals in parentheses to recitations per week.)

All regular students in Pianoforte course, beginning with the second year, and all regular students in the other courses are required to take the work in Theory of Music, as outlined below.

- I 1 (2) Rudiments of Music—Musical notation, keys, scales, signatures, intervals, the triad.
  - (3) Vocal Music—An elementary course in sight singing.
  - 2 (2) Ear Training—Relative pitch, notation, rhythm.
    - (3) Sight Singing—Book I.
  - 3 (5) Harmony—Simple part writing from given bases and sopranos.
    - (2) Ear Trianing—Motives, phases.
    - (3) Sight Singing—Book II.
- II 1 (5) Harmony—Chords of the seventh, modulation.
  - (5) History of Music—From the beginning of the Christian era to the development of the sonata form by Haydn.
  - (2) Ear Training—The minor mode.
  - (3) Sight Singing—Book III.
  - 2 (5) Harmony—Modulation continued, secondary seventh
    - (5) History of Music—From the development of the sonata form through the work of Wagner.
    - (2) Ear Training—Chromatic progression, modulation.
    - (3) Sight Singing—Book IV.
- III 1 (5) Harmony—Suspensions, passing tones, pedal point, figuration, accompaniments.
  - (5) Musical Form and Appreciation—Elements of musical form, folk-song, the polyphonic music of Bach, the dance and its development, the suite.

- (3) Harmonic Analysis—Including a review of harmony at the piano.
- (3) Ear Training—Triad, chords in major mode, inversions, passing tones.
- 2 (5) Simple Counterpoint.
  - (5) Musical Form and Appreciation—The rondo, the variation form, the minuet, the sonata form, the slow movement.
  - (3) Review Harmony.
  - (2) Ear Training—Chords in the minor mode, modulation.
- 3 (5) Simple Counterpoint.
  - (5) Musical Form and Appreciation—The works of Beethoven.
  - (3) Review Harmony.
  - (2) Ear Training-Canon, free imitation, fugue

#### Text Books:

VOCAL MUSIC—Song Reader—McLaughlin and Gilchrist. RUDIMENTS OF MUSIC—Elements and Notation of Music—McLaughlin.

EAR TRAINING—Ear Training—Heacox.

SIGHT SINGING—New Educational Music Course.

HARMONY-Lessons in Harmony-Heacox and Lehmann.

HISTORY OF MUSIC—Hamilton.

MUSICAL FORM AND APPRECIATION—Surette & Mason. HARMONIC ANALYSIS—Lehmann.

SIMPLE COUNTERPOINT.—Lehmann.

# Pianoforte, Voice, Violin, Violincello and Orchestral Instruments

The course in Pianoforte covers four years; the courses in the other branches, three years; one year of Pianoforte study should precede work in the other courses, and may be taken in connection with regular Normal School work.

The Course in Pianoforte requires one lesson a week and three practice periods a day through the first and second year; and two lessons a week and three practice periods a day through the third and fourth years. Either Voice or Violin must be taken in this course one lesson a week in the second, third and fourth years.

The course in Violin requires two lessons a week in Violin and one lesson a week in Pianoforte throughout the three years, with three practice periods a day.

The instruction in these subjects is individual, and is adapted to the needs of each student, and consequently no detailed course of study can be given. The ideal kept constantly in mind is thorough technical training, a musicianly style, and power of interpretation.

All students in Pianoforte and Orchestral Instruments are given an abundance of ensemble work under careful coaching.

An excellent Orchestra of symphonic size has been organized, and affords students of orchestral instruments opportunity for advanced study. Students in voice are given careful training in part singing, choir and chorus work.

In the last year of each course, special attention is devoted to the pedagogical side of the subject, with a view to graduating experts of the various subjects.

# Organ-

The work in this course covers two years, and is open only to those who have completed two years of Pianoforte and one year of Theory of music. The aim is to give thorough training sufficient for the average church organist, and to form a solid groundwork for later advanced study.

The school has an excellent three manual electric organ, built by the Austin Organ Co., of Hartford. Each detail of this organ is complete modern and of unusual excellence.

#### Normal Courses in Public School Music-

Two courses are offered in Public School Music as follows:

I A course of three years open to graduates of a four year high schoo! course, or to students who have completed two years' work in a normal school. This course is comprehensive and is intended for those who wish to become Supervisors of Music.

II A one year course open only to graduates of normal schools. This course is intended for those who wish to become special teachers of Music in Public Schools.

#### The Three Year's Course:

- For work in Theory of Music, see course in that subject. #### Art

Two Courses are offered in Normal Art, as follows:

I A course of two years open to graduates of a four year high school course, or to the students who have completed two years' work in a normal school. This course is of broad scope and is intended for those who wish to become Supervisors of Drawing.

II A one year course open only to graduates of normal schools. This course is intended for those who wish to become special teachers of Drawing in Public Schools.

The Normal Art Courses are designed to give the student a knowledge of art, and skill in drawing, painting and the Manual Arts; and at the same time to train the student for the position of teacher of drawing in the elementary and secondary schools, or as supervisor of drawing in the public schools.

# Course of Study:

- I Still Life-Charcoal and pencil.
- II Drawing from Casts.
- III Painting—Water colors, instruction in drawing, painting, and composition of still life, flowers, landscapes, etc.
- IV Freehand perspective—Drawing of objects, exteriors and interiors, street scenes and plant forms.
  - V Blackboard Drawing.
- VI Design and Applied Design—Making of designs for plaids, tiles, book covers, stencils, cut and tooled leather, baskets, wood-block, printing, etc., suitable for school work.
- VII Color—Attention is given to color in connection with design and composition, and to the development of original and harmonious color schemes.
- VIII Applied Arts—Instruction is given in elementary manual training, consisting of card board construction, paper cutting, basketry, weaving, clay modeling, and elementary book binding.
  - IX Mechanical Drawing—This course is arranged with reference to the needs of teachers.
    - X Histories-Ornament, lectures.
  - XI History of Art—Lectures on the History of Architecture, Sculpture and Painting. Students are required to take notes and use a text book.
  - XII Theory and Practice of Teaching Drawing—This course includes practical work, practice teaching, observation and discussions, the planning of lessons and courses.

#### Elecution

The course in Elocution requires two years, and the entrance requirements are the same as for the other subjects in the Fine Arts Department.

In the first year students are required to take Psychology and General Methods; in the second year History of Education and Literature.

First Year-Two lessons per week, in groups.

#### FALL TERM

Evolution of Expression—Book I

Mechanical Drills-Ott's "How to Use the Voice."-Part I.

Ott's "How to Gesture."—Chapters I to X inclusive.

Methods of Teaching Reading and Public Speaking in Public Schools.

An Easy play.

Emerson College Chansonnettes.

#### WINTER TERM

Evolution of Expression—Book II.

Thought and Emotion Expression—Ott's "How to Use the Voice"—Part II.

Ott's "How to Gesture"—Chapters XI to XXI inclusive.

Methods of Teaching Reading and Public Speaking in Public Schools.

An Easy Play.

Class Recitals.

Emerson College Chansonnettes.

#### SPRING TERM

Evolution of Expression—Book III.

Ott's "How to Use the Voice." Analysis of Sections in Part III.

Ott's "How to Gesture." Chapters XV to XXV inclusive.

Methods of Teaching Reading in Public Schools.

An Easy Play.

Class Recitals.

Emerson College Chansonnettes.

# Second Year-Two lessons per week, in groups.

#### FALL TERM

Evolution of Expression—Book IV.

Dramatic Interpretation of "As You Like It."

Cutting of Scenes and Entire Plays.

Comparison of Present Day Methods of Teaching Reading in Public Schools.

Practice in Teaching.

Bible and Hymn Reading.

Shurter's "Extempore Speaking" to Chapter V.

Alden's "The Art of Debate" to Chapter VI.

Public Recitals.

### WINTER TERM

Review of Evolution of Expression-Books I & II.

Dramatic Interpretation of "Taming of the Shrew."

Comparison of Present Day Methods of Teaching Reading in Public Schools.

Practice in Teaching.

Bible and Hymn Reading.

Shurter's "Extempore Speaking," completed.

Alden's "The Art of Debate," completed.

Public Recitals.

# SPRING TERM.

Review of Evolution Expression-Books III & IV.

Dramatic interpretation of "Hamlet."

Comparison of Present Day Methods of Teaching Reading in Public Schools.

Practice in Teaching.

Bible and Hymn Reading.

Study of Plays and Commencement Programs for High Schools.

Presentation of a Modern Play.

Throughout these lessons specific attention is given to Vocal Technic, Pantomime, Impersonation Gesture, Stage Managing, and Individual Repertoire.

#### DOMESTIC SCIENCE

Admission to the work of this course requires either graduation from a four year high school course, or the completion of the first two years of the regular normal course.

The course requires two years for its completion and embraces the following subjects:

#### SEWING-

Hand, machine, drafting, garment constuction, millinery. Study of Textiles and Fabrics. Art Embroidery.

#### COOKERY-

Practical cookery, invalid cookery. History of Foods.

Dietetics.

Home Nursing.

Home Construction

and Furnishing.

Home Economics.

Chemistry.

Bacteiology.

Practice in Teaching.

Physics.

Physiology.

Design.

# INDUSTRIAL WORK-

Weaving, Basketry.

School Management.

Methods of Teaching.

Psychology.

History of Education.

# COLLEGE PREPARATORY

(These courses have been instituted by this school for the benefit of students who desire to pursue a course of study at the college or university. Students who complete these courses are admitted, without examination, to most of the first-class institutions of higher learning).

# 1. Preparatory to a Classical Course

ENGLISH—Spelling; Reading; English Grammar and Composition; Rhetoric, College Entrance Classics for the year.

HISTORY—History of the United States; Outline of Roman History; Outline of Grecian History.

GEOGRAPHY—Political and Physical Geography Complete.

PHYSIOLOGY—Martin's Text Book complete or the equivalent.
MATHEMATICS — Arithmetic, Algebra through Quadratics;
Plane Geometry.

LATIN—Latin Grammar and Reader; Cæsar's Commentaries, four books; Cicero's Orations, four against Cataline, and "Pro Archia;" Virgil's Aeneid, six book; Latin Prose Composition.

GREEK—Greek Grammar and Reader; Xenophon's Anabasis, four books. Homer's Iliad, three books; Greek Prose Composition.

# 2. Preparatory to Latin Scientific Course

This course is the same as the Classical Course, except that for Greek, German and Elementary Physics are substituted.

# 3. Preparatory to Technical Course

ENGLISH—Spelling; Reading; English Grammar and Composition; Rhetoric, College Entrance Classics for the year.

HISTORY—History of the United States; General History.

GEOGRAPHY—Political and Physical Geography complete.
PHYSIOLOGY—Martin's Text Book complete, or the equivalent.

MATHEMATICS—Arithmetic; Algebra complete; Plane and

Solid Geometry; Plane and Spherical Trigonometry.

GERMAN—German Grammar and Reader; William Tell; Marie Stuart.

# GENERAL INFORMATION

#### The Aim

The distinctive aim of a Normal School is the preparation of the teachers for service in the public schools. The methods of teaching and government which grow naturally out of this aim, are best suited to the education of all who would be prepared for life.

Since the teacher must be an independent learner, our classroom work is designed to foster this quality. A subject is not considered learned when a student is able to answer any number of leading questions of fact; the evidence of accomplishment is seen rather in his ability to treat the subject without the aid of a teacher's questions to grasp its philosophy, and to become so thoroughly the master of it that he can rationally question another.

Furthermore, the really successful teacher must be a person of unsullied character and of a strongly formed habit of self-control. Accordingly, our disciplinary aim is to develop these qualities. Obedience to regulations, systematic co-operation in all requirements, and interested endeavor in all school duties, are expected of every student.

Parents are urged not to look upon this as a reformatory, and not to send us vicious or immoral persons to be educated. All that lies in the power of the faculty will be done for those who strive to help themselves. Others will be advised to withdraw. The time and energy of an earnest and superior faculty is too largely expended in teaching well and in helping faithful people, to justify any other course.

# The Plan

The especial mental equipment of a teacher (aside from character and a forceful personality), consists of (1)—Knowledge of the subject matter to be taught; (2)—Knowledge of the laws of mental action; (3)—Knowledge of those methods of imparting instruction and of moving the will which are in most complete harmony with the laws of mental action. This last knowledge may be either theoretical or practical; with the artistic teacher it is both.

In this school the student receives his knowledge of subject matter in his daily study and recitations. He acquires an elementary knowledge of the laws of mental action by the study of Psychology. In order to supply him with theoretical knowledge of the best method of imparting instruction and of moving the will, we give regular instruction in Methods of Teaching, School Economy and History of Education. Finally, to furnish him, as far as possible, with the needed practical skill, we introduce the Senior to the work of actual teaching in the Model School.

# TEXT BOOKS NOW IN USE

Agriculture-Warren's Elements.

McLaughlin's Elements & Notation of Music.

Writing-The Palmer Method.

Zoology - Colton's Part (I).

Books are sold to students at a reasonable figure, and, when no longer needed, will be bought back by the school at their estimated value.

## BUILDINGS AND GROUNDS

The Normal School buildings present a noble and imposing aspect. The school grounds have an area of sixteen acres. The lawns about the buildings are beautifully laid out and covered with a great variety of forest trees. The sports of the school are carried on in Smythe Park, a beautiful enclosure in Mansfield of about thirty acres, containing a ball field that is unexcelled, and with seating accommodations for five thousand people.

## South Hall

This is a brick structure, one hundred fifty feet in length by fifty feet in width. In this building are the men's dormitories, the circulating library, reading room and reference library, recitation rooms, and the text-book library. This building, formerly the old seminary, was enlarged and remodeled in 1889. One hundred and fifty feet north of South Hall, stands the

## North Hall

This building, we claim, is one of the finest school buildings in the country. It is two hundred seventy feet long by one hundred feet wide, and five stories high. It contains the Principal's office, dormitories for the women, reception rooms, suite of rooms for the Art and Music departments, an elegant dining room large enough to seat five hundred, passenger and freight elevators, the kitchen, bakery, etc. Two stories of an ell, completely removed from the other rooms, are set apart as an infirmary. They are furnished with every appliance for the sick. The dormitories on each floor of both buildings are supplied with bath tubs, and everything needed for health and comfort. All the buildings are heated by steam, lighted by electricity, and supplied with fire escapes of the best construction. Midway between the North and South buildings is

# Alumni Hall

This is a brick building, fifty-four by one hundred seventeen feet, three stories high. It contains the recitation rooms and a concert hall which occupies one entire story. In this hall is located one of the finest pipe organs to be found in this section of country. This building was completed in 1886. In the rear of the South Hall stands the

THE NEW MODEL SCHOOL

NORTH HALL CORRIDOR

Bates

# Gymnasium

This is a fine structure: it is a frame building, fifty by one hundred thirty feet; it contains a large drill hall, fifty by one hundred feet, two spacious rooms used for dressing rooms, a room equipped with shower-baths and lockers, and one class room. The drill hall is well furnished with apparatus. This building was erected in 1888.

### Model School

To the east of North Hall there is now approaching completion a superior structure to be devoted to the Model School. The building is one hundred and twenty feet in length by eighty-two feet in width, two stories and a basement. It contains twelve regular class rooms, a commodious assembly hall, office, and other rooms for the special help of retarded children. In the basement are separate play rooms for boys and girls, heating and ventilating appliances, toilets, cloak rooms, &c. It is a fire-proof building, erected of re-enforced concrete, with a brick facing.

### EXPENSES IN REGULAR NORMAL DEPARTMENT

Fa Ter (15 We	m Term	Spring Term (13 Weeks)	Total for Year	Per Week for Time less than a Term
Enrollment Fee \$3	.00 \$3.00	\$3.00	\$7.00	
Board, room rent, and	·	·		
laundry (12 pieces				
per week) \$6	0.00 \$48.00	\$52.00	\$160.00	\$4.25
Tuition	2.50 \$18.00	\$19.50	\$ 60.00	\$1.50

#### EXPENSES IN SPECIAL DEPARTMENTS

#### Music

### Lessons in Piano, Voice, Violin, Violoncello

#### Rent of Piano

One period per day . . . . . . . . \$ .25 per week.

More than two periods per day . . . \$ .20 each per week.

#### Rent of Pipe Organ

One period per day. \$ 8.00 per week.

#### Art—Supervisor's Course

(Four periods per day required) . . . \$ 3.00 per week.

#### Elocution

Two lessons per week . . . . . . \$ 1.50 per week.

## Domestic Science—Supervisor's Course

(Four periods per day required) . . . \$ 3.00 per week.

## Free Tuition

To each student who, upon registration, signs an agreement in accordance with the Act of Legislature quoted below, Tuition in the Regular Normal Department is FREE. (This free tuition is always conditioned upon succeeding Legislatures continuing to make appropriation for such purposes.)

"For the support of the Public Schools and Normal Schools of this Commonwealth for the two years commencing on the first day of June, one thousand nine hundred and one the sum of eleven million dollars.

\* \* \* For each student over seventeen years of age who shall sign an agreement binding said student to teach in the common schools of this state two full annual terms there shall be paid the sum of one dollar and fifty cents a week in full payment of the expenses for tuition of said student; provided, that each student in a State Normal School drawing an allowance from the State must receive regular instruction in the science and art of teaching in a special class devoted to that object for the whole time for which such allowance is drawn, which amount shall be paid upon the warrants of the Superintendent of Public Instruction." (Persons can receive the benefit of this State aid from the time they are seventeen years of age).

Teachers who enter for the Spring Term as soon as their schools are closed, will be charged, according to the above term rates, for time they are in actual attendance, provided they remain to the end of the term.

In all private work students will be charged for lessons that they lose through temporary absence, excepting that in absence due to illness, they will be given an opportunity to make up lost lessons, whenever the teacher's time will admit of it.

# Deductions

Deductions will be made to students in the regular Normal work, who are absent from school two consecutive weeks or more on account of sickness or for other satisfactory reasons.

No deductions will be made to students entering within the first two weeks, or leaving within the last two weeks of a term.

The Enrollment Fee is not deducted even though a student leaves during the term.

# **Payments**

TO WHOM MADE—All checks should be drawn to the order of the State Normal School, and payment be made to the principal.

BOARDING STUDENTS—Those who receive State Aid are required to pay \$40 the first day of each term; those who do not receive State Aid \$50 the first day of the term. The remaining amount for the Fall Term is payable Oct. 25, 1913; for the Winter Term, Feb. 7, 1914, and for the Spring Term, May 9, 1914.

(The Enrollment Fee must be paid each term before a student will be allowed to enroll for any of the work.)

DAY STUDENTS—Those who do not receive State Aid are required to pay the term's tuition in the regular Normal Department the first day of the term.

STUDENTS IN SPECIAL DEPARTMENTS – Tuition for the term, in the special department, strictly in advance; and a receipt for the same must be presented to the teacher before beginning the lessons.

### OF SPECIAL INTEREST

Education means more than that which is received from text-books or imparted in the class room. There are certain cultural elements which will be found in every wisely educated person—elements that cannot easily be described, but whose absence in anyone makes him a marked person.

ETIQUETTE—Great care is taken in this school to supply these features of true education. Specific addresses are given from time to time, by members of the faculty, upon the various phases of "good form." These teachings are insisted upon in the lives of members of the school.

SOCIAL LIFE – As this is a co-educational institution, frequent occasions are made for the natural and proper association of the sexes—always under the chaperonage of members of the faculty.

Fraternities and Literary Societies add to these cultural elements in the student's life. These are re-enforced by many literary, musical and scientific gatherings to which pupils are urged to give their time and effort.

LIBRARY—As an adjunct to all this, and also an essential aid to class work, the school is supplied with a superior circulating and reference library, selected by the librarian and the teachers of the several departments. More than seven hundred and fifty volumes are added yearly, and it is catalogued after the most modern and approved plan. It is housed in a commodious and well-lighted room, and to the library is added the great list of the leading magazines and the daily and weekly papers.

LIBRARY STUDY—About one hundred students were this year given a course in library work, thus fitting them the better to use and enjoy libraries and to direct the reading of their pupils. An especial phase of the work was the study of Juvenile Literature,

ENTERTAINMENT COURSE—Believing that a school cannot fail to lose much of its vitality if it holds itself aloof from activities beyond itself, we maintain a superior course of Lectures and Entertainments each year. Hereafter these lectures will be open to all students of the school, the enrollment fee paying for the Course Ticket.

ENVIRONMENT—But choicecultural elements cannot be wrought into one's habit of life unless his environment lends constant support to that end. Therefore it is that our pupils are brought to a dining-room unexcelled by any school whether we consider the quality of what is furnished or the attractiveness of the room in which it is enjoyed; the rooms of our students are the most commodious and the best furnished to be found in any school of our class; while the corridors and public rooms are adorned with statuary and pictures which reflect the choicest that art has yet produced.

RELIGIOUS AIDS—The religious element in our natures receives here the attention which its importance merits. Without a touch of sectarianism, but with constant regard for those of all faiths, the very life of the school is made to reveal the spirit of true religion. Bible study, stated meetings for devotion, missionary study, and religious addresses—all under the auspices of the Y. M. C. A., and Y. W. C. A.,—although purely voluntary, are always encouraged, and are largely attended. Sunday morning church attendance is officially required, as is also the six o'clock Sunday vesper service.

ATHLETICS—Athletics comes in also for its due share of attention. A committee of Trustees and Teachers controls this phase of the school's activities. And while not a cent is given to anyone because of the part he may take in athletics, nor a favor shown to him for such part, each one is encouraged to persevere in whatever phase of manly sport may be to his liking. Frequent inquiries are received from individuals asking what will be "done for them," if they will come and enter one of our ball teams. To such inquiries there is only one reply given, which is in effect this: Absolutely nothing will be done for you because of any part you may take in the sports of the school; if you are seeking a place where you may get a first class education, we believe you can find it here: if to this you wish to add some participation in the school's sports the way for it is wide open provided you can make a place on one of the teams, and will attend to your school work while you are doing it.

The games of Foot Ball, Basket Ball and Base Ball are now open to all members of the school, the enrollment fee paying for the ticket.

PHYSICAL CULTURE—Aside from the above named sports of the school, especial attention is given to Physical Culture. This is for the health, strength and grace of the individual, as well as for its value to him as a teacher. In this work pupils are required to wear clothing suitable for such exercises—divided skirt and loose blouse for the ladies; a negligee shirt for the men, and rubber-soled shoes for all. Students are advised not to get suits until they reach Mansfield, so that all may follow an approved pattern. They can be procured here at very slight cost. All regular students of the school, regardless of the course they are pursuing, are required to take work in the gymnasium, unless they are physically incapacitated, in which case they are excused upon presentation of a physician's certificate.

STUDENTS' ROOMS—The educational influence of our students' rooms is not overlooked. They are commodious and are tastefully decorated and furnished. Two students are expected to occupy a room, except by previous arrangement with the Principal and the payment of an excess fee.

Ladies' rooms are furnished with carpet, rockers, straight chairs, tables, bed-room set complete, pillows and one comfortable, mirror on dressing case.

Gentlemen's rooms are furnished with arm chairs, straight chairs, tables, wash-stand, dressing case with mirror, bed, pillows and one comfortable.

All rooms are heated by steam and lighted by electricity.

Students furnish napkins, towels, pillow-slips, sheets and one comfortable.

BAGGAGE—For two days at the opening and two days at the close of each term, students' baggage is carried to and from the railway station free of charge.

HONORS—Nominations for public honors made by any organization of the school, must be submitted to the faculty for approval before the person can be elected.

Each class is divided into three groups, viz: Honor, Credit, Graduation.

The Honor group comprises those whose average, for the year the honor is given, is 90 per cent. or over; the Credit group those whose average is from 85 per cent. to 90 per cent. Average for graduation is 75 per cent.

Announcement of the standing of the first two groups in each class will be made at Commencement.

# SUMMARY

Post Graduates	. 27
Undergraduates	
Specials (not catalogued)	
Model School (not catalogued)	
Total	. 897
Fall Term (not counting Model School)	. 436
Winter Term (not counting Model School)	
Spring Term (not counting Model School)	

# THE ALUMNI

All items intended for this register may be sent to the Principal of the school.

Members of the Alumni are earnestly requested to notify the Principal of any error in name, address or occupation, as given in the register, of changes of address or occupation, and of deaths among the Alumni, that the same appear correctly in the next register.

Notice of the marriage of the ladies of the Alumni is also desired, with the full name of the husband.

#### OFFICERS FOR 1912-1913.

President—W. R. LONGSTREET, '83. Vice-President—W. W. ALLEN, '89. Secretary—MRS. L. B. SHAW, '93. Treasurer and Record-Keeper—R. C. LONGBOTHUM, '91.

Executive Committee—Edwin S. Coles, '00; Charles M. Elliott, '89; Fdith Shaw Jones,' '88; Mrs. Amos Reese, '06; Miss Nettie Shepard, '87.

In the following pages the figures following the names indicate the year of graduation. S before the year indicates Scientific Course; St. C. E. State Certificate Elementary Course; St. C. S. State Certificate Scientific Course. If only the year is given all are graduates in Elementary Course, up to the year 1903; beginning with 1903, all are in the Regular Normal (3 year) Course.

# GRADUATES IN THE SPECIAL DEPARTMENTS

(Including all departments not passed upon by the State Board of Examiners.)
